# Haybale Art

- ePic Photographers -

A series of photographs showcasing Haybale Art in and around our District.

Haybale Art only lasts for a short period of time, so it is hoped that this gallery will help keep this public art form alive and in our minds.

If you have any to add, please let us know.

Haybale Art is a recognised form of country street art. It is generally found in public places and most often along streets and roads. It has even helped farmers to become artists.
